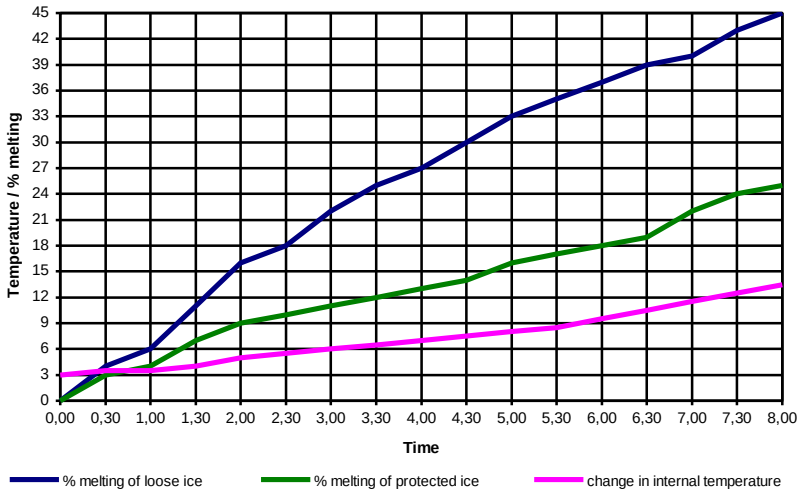
HEAT INSULATING COVERS

IGLOO

TESTED IN A CLIMATIC CHAMBER AT 30°



BROAD SPECTRUM PALLET PROTECTION

This cover has been designed for all situations where goods need to be protected against sudden changes in temperature or external agents like dust, light, water, wind, etc., during short/medium handling operations. Igloo is a practical, low-cost hood in waterproof reflecting material; extremely easy to put on and take off.

TECHNICAL CHARACTERISTICS

Layers: MET. PET + LD PE

Reflecting surfaces, Non-toxic product.

Components :

External surface: MET. PET
Internal surface: LD PE.

Mechanical characteristics:

Tear resistance	Kg/20mm.	6
Puncture resistance	Kg	23
Elongation at break	%.	100
Optical density	Ohm	1,8
Thickness	My.	42
Weight	Gr/Mq	46

Finished products weight :

Pallet cover	(80x120)x200	Gr.	440
Pallet cover	(100x120)x200	Gr.	490
