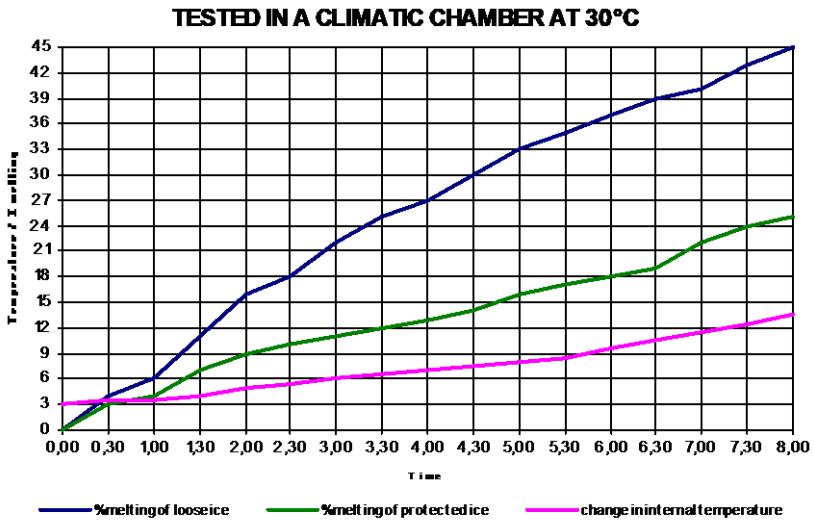
ISOFORM
HEAT INSULATING COVERS

SIBERIA 2



pallet cover

TECHNICAL CHARACTERISTICS

roll cover

Layers :

Met. PET. + VTR MESH + PE
T N T

Reflecting surfaces, non-toxic product.

Components :

External surface	PET Met.
Internal surface	TNT

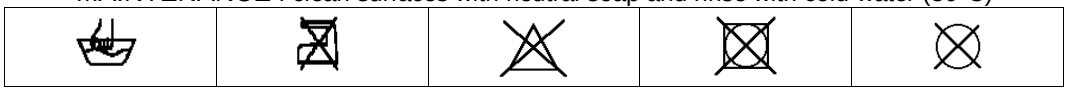
Mechanical characteristics :

Tear resistance	Kg.	20
Laceration resistance	Kg.	10
Thermal conductivity	W/Mk	0,074
Weight	Gr/Mq	180
Possible heat interval	°C	-30 / +60

Finished product weight :

Pallet cover	(80x120)x50	Gr.	680
Pallet cover	(80x120)x100	Gr.	1,050
Pallet cover	(80x120)x150	Gr.	1,550
Roll cover	(70x80)x175	Gr.	1,200

MAINTENANCE : clean surfaces with neutral soap and rinse with cold water (30°C)



All covers come in a plastic bag.

It is the customer's responsibility to determine the suitability of the product for use in their particular applications.
